France

Report of the RegPep2016

The RegPep2016 International Congress (see poster page 10) gathered in Rouen, from July 12th to 14th, 2016, 319 researchers from 46 different countries, working on biologically active peptides. The scientific program (see page 9) set up by 23 international experts (see page 6) included 3 plenary lectures, 20 Symposia with 100 oral presentations, 21 oral communications selected from the abstracts and 99 communications in the form of posters. Before the Congress, participants were able to attend on July 11th, 2016, a Symposium funded by the Institute for Research and Innovations in Biomedicine (IRIB) titled 'Neuropeptides, from Bench to Bedside: How to fight brain pathologies with Neuropeptides' and a Workshop organized by the platform of Proteomics PISSARO in partnership with Agilent and Nanotemper titled 'Quantification of peptides in biological samples'. In addition to science, participants enjoyed a tasting of wines and cheeses on Tuesday, July 12th, a visit of the museums of Rouen and a dinner gala on Wednesday, July 13th, a guided tour of Rouen and a firework over the Seine River on Thursday, July 14th. After the congress, around 50 people have continued their stay in Normandy by a visit on July 15th, 2016, of the cliffs of Etretat and the Palace of the Benedictine in Fécamp.

On the occasion of the RegPep2016, a public conference was given by Dr **Serge AUVIN** (IPSEN pharmaceutical laboratories) at the Town Hall of Rouen on the theme 'Peptides, a natural origin of innovative medicines for patients'. This conference filmed with the help of Science Action Normandy can now be found on the web site of the association by [clicking here](#).

For his organization, the RegPep2016 received among others, the financial support of the Normandy Region, the Rouen Metropole, Inserm, University of Rouen, Normandy GEFLUC, the journal Frontiers and the **International Society of Neurochemistry (ISN)**. A list of all the sponsors of the RegPep2016 is available on the Conference [Web site](#). Our financial supports have among other things allowed to give free registration to our invited speakers and to distribute 11 awards to young researchers who came to present their work in Rouen. The next Congress of the RegPep will be held in Washington (USA) in September 2018 with the objective to continue to federate the community of researchers working on biologically active peptides.

We would like to **thank the ISN for the important financial support it has provided us** for the organization of this international congress in Rouen. This financial support of ISN was used to **give free registration to the 5 speakers (i.e. Illana Gozes, Seiji Shioda, Maria Pennuto, Nese Tuncel and Dora Reglodi) of the ISN Symposium on 'Therapeutic potential of PACAP/VIP neuropeptide family and related peptides in neurodegenerative and neuropsychiatric diseases'** (2250 \$, see page 5 and 6). It **also contributed to pay 1 travel award to young investigators** (750 \$).

ISN Symposia

ISN support was used to give free registration to the 5 speakers of the ISN Symposium on therapeutic potential of PACAP/VIP neuropeptide family and related peptides in neurodegenerative and neuropsychiatric diseases. Regular registration fees were 450 € / person but were reduced to 450 \$ for these 5 speakers ($450 * 5 = 2250 \$$).

**Wednesday
July 13, 2016**

8:30 – 9:45 Oral Communications

OC4 Central regulation of food intake by neuropeptide

OC5 Peptides new functions

OC6 Peptides renal effects

9:45 – 10:15 Coffee break

Messages from congress participants after the congress

Neva ALASAĞ - nalasag@anadolu.edu.tr

27/07/2016

Dear David,

Firstly, big sorry too late thank you and regpep2016 team for everything. I wish we will meet again. Many thanks to your hospitality and selecting my work in oral presentation... It was a wonderful meeting which we pass...In addition, we thanks to your father for incredible knowledge about tour travel to Etrat and kindly hospitality...

Best wishes&loves you and your team from TURKEY

Dr. Tamás ANDREA - andreatamassz@gmail.com

18/07/2016

Dear David,

Thank you for everything it was a wonderful meeting.

Best regards,

Andrea

Serge AUVIN - serge.auvin@ipsen.com

14/07/2016

Bonjour David,

Comme tu étais occupé lorsque j'ai quitté Rouen, je tenais à te renouveler mes remerciements pour l'invitation d'une part à la conférence inaugurale et d'autre part au congrès RegPep.

Bravo encore pour l'organisation de ce congrès et la qualité des speakers invités. J'ai beaucoup appris de sujets pour lesquels je n'avais pas spécialement d'expertise et le networking a plutôt bien fonctionné.

Je souhaite vivement qu'on reste en contact et si tu passes sur Paris, te recevoir aux Ulis sera un grand plaisir.

Excellentes vacances d'été.

Amicalement

Serge

Tallie Z. BARAM - baramlab baramlab@uci.edu

16/07/2016

Cher David,

Bravo for pulling off a terrific meeting!

I thoroughly enjoyed the science and the camaraderie.

All the best

Tallie

Roger Wilmer BEUERMAN (SERI)

roger.wilmer.beuerman@seri.com.sg

18/07/2016

Dear David

Congratulations for the meeting concept. My sense is that the multi-disciplinary approach provides a much enhanced view of the world of peptide function. The obvious increase value in the opportunity to attend neuroscience, or dermatology talks is valuable. Here in Singapore we had a much more brief peptide meeting in Dec of 2015, it clearly lacked impact. So I would look forward to the continuation of the format of RegPep.

Regards,

Roger

Roger W. Beuerman Senior Scientific Director

Florine CAVELIER - florine.cavelier@umontpellier.fr

19/07/2016

Cher David

Merci pour ce magnifique congrès, très très belle réussite à tous points de vue.

Je te souhaite un bel été, bien mérité, et encore bravo !

Florine

Alain COUVINEAU - alain.couvineau@inserm.fr

18/07/2016

Bonjour David,

Nous sommes partis un peu avant la fin et de ce fait, nous ne t'avons pas salué. Je tenais à te féliciter pour l'organisation de ce congrès tant sur le plan scientifique que sur le plan extra-scientifique, ce fut une réussite sur tous les plans.
Bravo encore !

Bonne vacances
Alain

Anthony DAVENPORT - apd10@medschl.cam.ac.uk

15/07/2016

Dear David,

Many thanks to you and the committee for organising an excellent scientific - as well as a very successful cultural and gastronomic conference. I hope you will pass on my thanks to the student volunteers for their hard work which made the meeting such a success. This is the first meeting I have been to where a session has been devoted entirely to apelin – many thanks to Philippe Valet for the invitation and to Jens Peter Goetze for chairing the session.

We are all shocked here by the terrible events in Nice.

Yours Sincerely,

Anthony

Luis DE LECEA - llecea@stanford.edu

18/07/2016

Dear David,

Thank you for all of your effort in organizing a highly successful meeting. In spite of the very short time, I really enjoyed the interactions with the eclectic gathering of colleagues from multiple disciplines. I agree that these kind of meetings should be promoted and I offer my full support.

Very best wishes,

Luis

Bart DE SPIEGELEER - Bart.DeSpiegeleer@UGent.be

18/07/2016

Thanks David for the inspiring meeting and excellent hosting (also to your son for accompanying my wife!).

Kind regards,

Bart

Alex N. EBERLE - alex-n.eberle@unibas.ch

18/07/2016

Dear David

A big thank-you again for the excellent organization of the RegPep2016. I appreciated all, the lively atmosphere of the meeting, its location and the rich social program around it. It is always a great pleasure to return to Rouen.

With respect to photographs, there are some on a USB-stick which I gave to your father. There is also a movie with Florine Cavelier (as victim) and the magician during the banquet dinner.

I am sure that your work for the RegPep2016 is not yet finished, and I hope and wish it to you that you will at least get an even (financial) result, above all not a deficit. I also hope that you will find time to spend some holidays with your family.

All good wishes and warmest regards

Alex

Lee EIDEN eydenl@mail.nih.gov

22/07/2015

Jens Peter and David,

I heartily concur with Jens Peter's remarks about the conference-I summarized the proceedings for my group at our weekly meeting on Tuesday and was reminded how comprehensive and valuable it was. Congratulations David!! I am very enthusiastic to build on the foundation that David together with the International Regulatory Peptide Society laid down in Rouen, and that David expressed in his wish for future meetings, "bringing together the community [of biologically active peptides researchers] working in different fields, with different peptides and models" and to advance knowledge and public health benefit. I think we can achieve this again in Washington D.C. as in Rouen. I have begun the groundwork research for this, and hope to have a preliminary proposal for Jens Peter's initial survey and suggestions for finalization by end of next week. There has been a bit of delay in making sure that I can begin organization of the meeting as an official duty (that means my administrative lab manager can participate in some of the tasks) but I will proceed 'as if' in the interim. Once there is a preliminary 'go', I assume that you will both be advisory in the selection of the International and Local organizing committees and the invitations for that can then go out. Sometime in mid- to late-August, I would like to send out a call for ideas about securing both preliminary, and then complete, support for the conference. I think (you need to let me know if this is correct) that if that point is reached by September 1st, a preliminary announcement could perhaps go out (maybe announcement disguised as a 'survey' about some aspects of meeting detail preferences) in mid- to late-September, just to fix in people's minds the next meeting, and recover some of the momentum that would have been gained by making the 'official' announcement in Rouen.

Best,

Lee

Pascal FAVREL - pascal.favrel@unicaen.fr

20/07/2016

Bonjour David,

Félicitations pour cet excellent congrès. Je te souhaite de bonnes vacances bien méritées.
A très bientôt.

Amicalement.

Pascal.

Rosa P. GOMARIZ gomariz@bio.ucm.es

18/07/2016

Dear David,

It was an extraordinary congress thanks for everything!!!

Warmest regards

Rosa

Jens Peter GØTZE - d301043@dadlnet.dk

21/07/2016

Dear David,

Thanks for a fantastic meeting. You did a top job in both the practical as well as the scientific side of the RegPep meeting. For my own research, I got inspiration and new ideas – and I have received several good feelings from others attending the meeting. Do take some time off and enjoy the silence.

Best wishes from Jens Peter in Copenhagen (off for more holiday tomorrow)

Ahmed HASSAN - ahmed.hassan@medunigraz.at

19/07/2016

Thanks David for organising this outstanding meeting !!

Best wishes for you and your team.

Ahmed

Zsuzsanna HELYES - zsuzsanna.helyes@aok.pte.hu

18/07/2016

Dear David,

On behalf of all my team, I'd like to thank you once again for the fantastic meeting! You and your colleagues did a great job and we all had a wonderful time both from scientific and social points of view-:~)!

We got home all right with beautiful memories and hope to see you soon!
Have a nice and relaxing summer!

Best regards,

Zsuzsanna

Karl-Heinz HERZIG - karl-heinz.herzig@oulu.fi

15/07/2016

Dear David, dear local organizing committee,

I am very sorry about the terrible news from Nice. This is very sad and will just increase the spiral for more sadness. Please accept my sincere condolences for the lives lost.

We experienced in your meeting the most different way of interaction with each other - a meeting in which respect, openness, friendship among all participants from all over the world with different religions endured.

Thanks you very much indeed for this meeting.

Have a nice a relaxing summer time!

Cordially

Karl

Tomas HÖKFELT - tomas.hokfelt@ki.se

20/07/2016

Dear Friends,

Just a line to thank for a great meeting. A very interesting programme, a fantastic dinner, everything close to the majestic Seine. I was very pleased with our symposium. So your extensive efforts 'paid off'. Congratulations.

Needless to say, we all are shocked by the terrible events in France, and elsewhere.

Kind regards

Tomas

Anders HOLTEN JOHNSEN - Anders.Holten.Johnsen@regionh.dk

17/07/2016

Dear Marine,

Thank you so much for the enormous work that you invested in the congress. Everything worked perfect!

As we talked about, I need a receipt for payment of the registration fee. Hope you will be able to send one soon. Many thanks in advance ☺

kind regards

Anders

Xavier ITURRIOZ - xavier.iturrioz@college-de-france.fr

20/07/2016

Bonjour David,

Comme je l'ai dit à ton père en partant jeudi un grand bravo pour l'organisation de ce Regpep 2016, qui je crois a été un vraie succès. Merci encore de m'avoir choisi comme chairman cela a été l'occasion de rencontrer un chercheur d'une simplicité et d'un très grand niveau. Voilà je voulais t'envoyer ce feedback et féliciter toute l'équipe organisatrice qui a été formidable et qui a bien mérité ses vacances.

Au plaisir de ce revoir.

Cordialement

Xavier Iturrioz

Shawichi IWAMURO - iwamuro@bio.sci.toho-u.ac.jp

22/07/2016

Dear Hubert,

Just a week has passed since we left France. I and Tetsuya could come back safely. I say thank you and your son for the wonderful meeting. RegPep2016 is absolutely the best meeting in my experience and I could really enjoy it. Please send my best regards to David and all the staff.

I say thank you again for your hospitality. I was really happy to see you.

I wish you all the best and please enjoy your summer holidays.

With best regards,

Shawichi

Yasmina JUARRANZ MORATILLA - yashina@bio.ucm.es

20/07/2016

Thank you David for making this congress a great friendship and scientific meeting.

Please transmit my thanks to all those who have been involved in the organization of the congress.

Best regards,

Yasmina

Tetsuya KOBAYASHI - tkoba@mail.saitama-u.ac.jp

29/07/2016

Dear Hubert,

I was happy to meet you at the RegPep2016 meeting in Rouen. Thank you very much for such a nice meeting. I enjoyed the meeting thoroughly and learned much about the recent progress in peptide research. I have attached one photograph; unfortunately, my eyes are closed in the picture. I hope to see you again in the near future. Please give my regards to Dr. David Vaudry and thank him for nice meeting and for a bottle of wine which gave me as a souvenir.

Very sincerely yours,

Tetsuya

Jean-Claude LE MEVEL - Jean-Claude.LeMevel@univ-brest.fr

18/07/2016

Bonjour David,

Je tiens à te féliciter pour l'organisation de ce super congrès. Les sessions scientifiques étaient de très haut niveau, j'ai aussi apprécié les rencontres avec mes collègues, la visite du musée Jeanne d'Arc et bien sur l'excellent banquet !

Je te souhaite de passer d'agréables vacances plus que méritées !

Amicalement,

Jean-Claude

Angela LANGE - angela.lange@utoronto.ca

19/07/2016

Hi David,

Just wanted to thank you for a very interesting meeting. We enjoyed it very much and next time will present some of our regulatory peptide work. All the best and enjoy the holidays, Angela

Angela B. Lange

Dan LARHAMMAR - Dan.Larhammar@neuro.uu.se

19/07/2016

Dear David,

Thank you very much indeed for hosting this excellent meeting, it was a great pleasure to participate. Please forward my thanks to all your coorganizers who did a splendid job with projectors, microphones, etc.

I strongly endorse your proposition of a combined peptide meeting like this, so just let me know if you need support to promote this idea.

I have problems joining the web page you linked, I will keep trying to see if I can open it to see the pictures. I will send you a few photos of my own shortly.

Best regards,

Dan

Catherine LLORENS-CORTES - c.llorens-cortes@college-de-france.fr

19/07/2016

Cher David

C'était un super congrès , félicitations pour ton travail et celui de toute ton équipe, c'était un plaisir de te revoir ainsi qu'Hubert. Passes de bonnes vacances bien méritées

Amicalement

Catherine

Eric MARSAULT - Eric.Marsault@USherbrooke.ca

18/07/2016

Bonjour David,

Encore merci pour avoir pris cette charge sur tes épaules et celles de ton équipe.

Organisation sans failles, très belle conférence, beaucoup d'idées en sont ressorties.

Bien cordialement,

Eric Marsault

Niely MIRSAIDI - niely.mirsaidi@gmail.com

19/07/2016

Dear David,

Thank you for having me at this year's conference and for allowing me to present my abstract - it was truly unforgettable! As my first conference, I was delighted to see all the possibilities the future of peptide research held, and it has given me new drive in my own research with Dr. Szema.

Everything - from the sessions to the events - was absolutely wonderful.

Merci mille fois pour cette opportunité ! J'espère pouvoir vous rejoindre au prochain congrès.

Niely

Jean-Marc MULLER - jean.marc.muller@univ-poitiers.fr

18/07/2016

Bonjour David,

Merci de nous avoir offert ce super meeting et bravo à toi et à tes troupes pour la qualité de l'organisation.

Je te souhaite un bel été et de bonnes vacances.

Amicalement
Jean-Marc

Million MULUGETA - MillionMulugeta@mednet.ucla.edu

19/07/2016

Dear Dr Vaudry,

I was one of the speakers at the 2016 Neuropeptide symposium in Rouen that you and your group had flawlessly organized.

I am delighted to be part of the symposium and I would like to congratulate you and your team for the superbly well-organized meeting. The science was excellent, your team was very organized and very helpful at all levels and of course the entertainment and the charm of Rouen have made the excellent symposium even more interesting and for more meetings in Rouen.

Thanks again for inviting me and for organizing such a wonderful scientific meeting.

Hope to see you in the next meetings and all the best to you and your team

Best regards

Million

Jean-Louis NAHON - nahon@ipmc.cnrs.fr

18/07/2016

Bonjour David,

Désolé pour le délai mais après mon retour de Rouen nous sommes parti, Françoise et moi, pour le pont du 14 Juillet dans une Maison d'hôtes pour nous ressourcer, initialement de tous nos soucis familiaux et aussi de la tension suite aux tragiques événements de la Prom.

Encore toutes mes félicitations pour la qualité scientifique et la superbe organisation du RegPep. J'ai voyagé dans le train avec un collègue Irlandais qui ne tarissait pas d'éloges. Bref c'est une magnifique réussite qu'il faut porter à ton crédit et à celui de toute l'équipe qui t'entourait.

Amitiés,

Jean-Louis

19/07/2016

Dear David,

I have safe trip to Rouen to Paris by Flixbus, and also Paris to Toyama by airplane.

I would like to say many thanks to you and other organizers, and many staff for their hospitality.

I believe that Regpep2016 is great successful, and we really enjoyed summer season of Normandy.

See you in next VIP/PACAP meeting in Hong Kong!

Tom

18/07/2016

Dear David,

Thank you for you and all your team for the very good organization of this RegPep symposium.

Best regards,

Gilles

Roberta POSSENTI - roberta.possenti@gmail.com

19/07/2016

Dear David

Thanks you for the perfect organization!

I enjoyed very much and I hope to join the next meeting in a couple of years.

Looking forward to see the location

My best regards

Roberta Possenti

Jens F. REHFELD - jens.F.Rehfeld@regionh.dk

19/07/2016

Dear David.

Thank you for the very successfull and stimulating Regpep 2016 symposium. It was such a pleasure to participate and to realize all the efforts and pains you and your staff have gone through to give the symposium a decisive revitalization. You deserves a lot of credit for striking an optimal balance between frontline peptide-science, constructive and friendly atmosphere, end a fine social programme. Just for the record, I have participated in all these biannual symposia (apart from three) since the very beginning in

Galveston in 1974. We changed the name from "Gastrointestinal Hormone" to "Regulatory Peptide " symposia in 1996. Beyond doubt, your Rouen-symposium has been among the very best. Perhaps the best !

I shall do what I can to support your idea of one large RegPep meeting every second year. Peptide research is in great progress

These years. And your meeting bears witness to how the different peptide fields stimulate each other, when brought together.

It was also a pleasure to meet your father. I look forward to collaborate with him on the proceedings of the meeting in Front. Neuroendocr. Science with a contribution about CCK.

Best summer-regards, Jens

Michael RODAMER - michael_rodamer@agilent.com

Hi David, et al.

Many thanks again for participating in the great RegPep meeting.

It was relay very much appreciated and you all did a fantastic job – also for the peptide quant workshop.

All the best,

Michael

Tomislav RONCEVIC - troncevic@pmfst.hr

19/07/2016

Dear David,

Thank you for your kind words.

Personally, I think the conference went really well.

I had an opportunity to exchange some thoughts, ideas and contacts with other colleagues which may be beneficial in the future.

I fully support your idea on big bioactive peptide meeting every two years and hope it will become reality. It is possible we will meet on one of those in the future.

I also have to point out that everyone on your team was very kind, helpful and accommodating.

All the best,

Tomislav Roncevic

Nese TUNCEL - ntuncel@ogu.edu.tr

19/07/2016

Dear David,

Yesterday we arrived our home safely. I hope, in the future, this dark time will pass and my country will live in a peacefull world.

Thank you for your kind hospitality in the RegPep meeting. Our time in Rouen was full of happiness.

All my best to you and Hubert

Nese Tuncel

Henning VÆRØY - Henning.Vaeroy@ahus.no

Dear David Vaudry

Thank you so much for your follow up after the meeting and for a nicely arranged congress. Always a pleasure when things work out well. One question, is there a common reference to be used when quoting the different abstracts in future publications?

Have a nice day.

Kind regards from Henning Vaeroy

Sjoerd de VRIES - sjoerd.de-vries@inserm.fr

19/07/2016

Thanks to you, David, for organizing this great conference!

Cheers

Sjoerd

Eberhard WEIHE - weihe@staff.uni-marburg.de

18/07/2016

Dear David

Safely arrived by car back in Marburg Sunday evening.

Thank's again for a superb meeting -which I heavily enjoyed!

You must be pleased to hopefully have some days off now in spite of the adversary political circumstances.

Two major globally relevant parascientific events during the week of the RegPep meeting - that was too much.

Best wishes and greetings

Eberhard

18/07/2016

Bonjour David,

J'espère que tout c'est bien passer au congrès. Núria a été émerveillée de l'organisation et très intéresser pour les différentes présentations et posters.

À nouveau j'ai été très désolé de ne pas avoir put me déplacer à Rouen. Je souhaite que l'on se pourra revoir très bientôt. Merci de ta compréhension.

À bientôt. Amicalement,

Xavier
