REVISED Final Report to

from

Convenors:

Professor Frederic Meunier The University of Queensland

A/Professor Damien Keating

Flinders University, South Australia

Requested information:

- 1. Registration and registration fees (what was included)
- 2. Program
- 3. Speakers
- 4. Plenary Speakers
- 5. Highlight of the meeting
- 6. Participants
- 7. Material distribution
- 8. Social events
- 9. Travel awards
- 10. Travel subsidies for Invited Speakers / Plenary Speakers
- 11. Sponsorship
- 12. Budget
- 13. List of participants
- 14. Photos

Basic information

Title of the meeting:

ISCCB 2015 – The International Symposium on Chromaffin Cell Biology

Dates: August 17-21, 2015

Organizers: Professor Frederic Meunier, University of Queensland

A/Professor Damien Keating, Flinders University, South Australia

Venue: The Pullman Reef Casino Hotel, Cairns,

Tropical North Queensland, Australia

Registration and registration fees

Early Bird Fee/Regular Fee: \$650/\$750

The fee included:

• Arrival coffee, Morning tea, Lunch and afternoon tea, as per the program.

- 2 x Poster sessions that included a Reception and Wine and Cheese.
- Conference dinner rooftop, pool deck, outdoors and tropical evening, with dancing

Program

- The scientific program ran over 4 days, with one day of excursions.
- Topics included:

the mechanism of exocytosis

catecholamine secretion

secretory granule formation and trafficking

calcium regulation

stress signals and physiology

hypertension and neuroendocrine tumor biology

Session titles and program:

Attached PDF file

Plenary Speakers

Peter **Dunkley** (Australia)

Reinhard Jahn (Germany)

Erwin **Neher** (Germany)

Rudiger Rudolf (Germany)

Matthijs **Verhage** (The Netherlands)

Justin Marshall (Australia) Opening Reef Talk with slides

Invited Speakers

Youssef Anouar

Uri Ashery

Sebastien Barg

Ute **Becherer**

Ricardo Borges

Nils Brose

Dieter Bruns

Stephen Bunn

Brett Collins

Angelo Corti

Mike Cousin

Madhurima Dhara

Lee Eiden

Andrew **Ewing**

Anna Fejtova

Stephane Gasman

Carmen Perez-de-Nanclares

Elizabeth Seward

Claudia Tomes

Danielle Tranter

Jianping Wu

Scott Merrington, LEICA

Tony Swinscoe, LEICA

Highlights of the meeting

The ISCCB meeting was a great success with over 100 attendees across 5 days of exciting science. This included 18 different symposia sessions and 5 Plenary Lectures. These plenary lectures provided some of the highlights of the meeting. Reinhard Jahn (Germany) provided the first chromaffin cell plenary lecture of the meeting and provided a detailed outline of his research over the past 20 years on SNARE protein structure and function in Ca²⁺-dependent exocytosis. Peter Dunkley (Australia) was our local plenary lecturer, a true leader in the mechanisms controlling catecholamine synthesis in normal physiology and in stress through phosphorylation of tyrosine hydroxylase. Possibly the greatest highlight of the meeting was provided by Nobel Laureate Erwin Neher (Germany), who provided an outstanding perspective on the cellular mechanisms governing exocytosis in endocrine cells in comparison to synapses. Rudiger Rudolf (Germany) presented a beautiful memorial lecture celebrating the life and career of our late good friend, Hans-Herman Gerdes. This was in addition to Rudiger's discussions on his own exciting research findings related to cholinergic signalling at the neuromuscular junction. The final plenary lecture was presented by Matthijs Verhage (The Netherlands) who discussed his large body of research on the function of the presynaptic proteins in health and disease. This was an extremely strong and focussed meeting bringing together many of the leaders in the field and provided the opportunity for these scientists to share their work as well as their thoughts on where the field is heading. Promising young scientists were thrilled to receive their poster prizes from Prof Erwin Neher, whom we thank once again for his contribution to the meeting.

Social events

- The conference opening consisted of a welcome by the Deputy Mayor of Cairns the host city, and a talk with slides by an expert on the Great Barrier Reef. Prof Marshall is a neuroscientist from the Queensland Brain Institute at the University of Queensland, whose work on the Reef animals' visual systems is widely acclaimed. His seminar including diving photography of the Reef and its animals was stunning and a great introduction to the excursion to the Reef.
- The Welcome Reception was held on the first day with the exhibition and posters. A
 most convivial affair.
- Wine and Cheese sessions: 2 parallel sessions of selected talks (each 10 minutes duration), and two Exhibitor presentations (each 5 minutes duration). These fastpaced presentations generated good discussions over the Wine and Cheese that followed.
- The conference Dinner was held outdoors on the pooldeck –the best environment when in the tropics! Dancing and a presentation by Prof Elizabeth Seward, the convenor of the 19th ISCCB to be held in the UK in 2017, was included in proceedings.
- The Excursions organised through the conference were diving/snorkelling on the Great Barrier Reef and a trip to the Daintree Rain Forest. Both of these places are world heritage listed and of astonishing, natural beauty. Delegates paid extra for these at reduced rate for a conference group.

Prizes and Travel awards

Prizes:

Best ECR Poster: Ex aequo - Kasper Engholm-Keller; Ping Zhao

Best Student Poster Alyce Martin

Travel Awards:

Kasper Engholm-Keller (ECR - \$450)

Sarah Gordon (ECR - \$450)

Ravi Kiran Kasula (ECR - \$450)

Andrius Masedunskas (ECR - \$450)

Pika Miklavc (ECR - \$450)

Hoda Mashadi Fathali (ECR - \$450)

Sumana Mahata (ECR - \$450)

Prabhodh Adbineni (\$650)

lago Mendez-Lopez (\$650)

Carmen Perez-de-Nanclares (\$650)

Danielle Tranter (\$650)

Travel subsidies for Invited Speakers / Plenary Speakers

\$4,000 – Yousef **Annouar** - Session Chair for disbursement to speakers

\$2,000 – Rüdiger **Rüdolf**

\$2,000 – Michael Koslov

\$1,937.55 – to each of 13 invited speakers:

\$650 – pre-payment for Peng Loh, NIH presenter

\$250 – complimentary registration for Richard **Huganir** (one-day attendee)

\$520 – disbursed to each of 7 committee members, all of whom travelled to the meeting

Travel subsidies for Invited Speakers / Plenary Speakers continued

To each of the following AUD \$1,937.55*

* Ros Barrett-Lennard:

Note: In committee discussion, this speaker reimbursement list was revised down, as some of the original list were already sponsored to attend. In that process, the names were adjusted, the amount was inadvertently not adjusted in the report. The amount of refund in the report is therefore revised upwards, from \$1,399 to \$1,937.55

ISN sponsorship of AUD16,902.26 was received September, 2014. This amount was applied to the Plenary Speaker travel subsidies as per below, which in total amounted to AUD25,188.20.
