

REPORT OF ISN SUPPORTED SMALL CONFERENCE

a. Basic information (title of the meeting, dates, organizer, venue, etc.)

International Society for Neurochemistry Symposium on METABOLIC AND REDOX INTERACTIONS BETWEEN NEURONS AND ASTROCYTES IN HEALTH AND DISEASE

Venue: Salamanca (Spain) 26-28 June, 2017 (Sala Menor, Hospedería Fonseca)

Organizers: Juan P. Bolaños (Salamanca, Spain) & Gilles Bonvento (Paris, France)

b. Registration and registration fees

The Symposium had 75 registered people and the registration fee was 50€. However, the fee was waived for all PhD students and young postdocs. The registration fee included access to the sessions, one abstract submission, poster presentation, welcome reception, one lunch, one conference dinner and two coffee breaks. The registration procedure was through a specific web site:

<http://eventum.usal.es/8111/section/6306/international-symposium-on-metabolic-and-redox-interactions-between-neurons-and-astrocytes-in-healt.html>

c. Program, Speakers, Plenary Speakers

Monday 26th June, 2017

18:00 h. Welcome - Juan P. Bolaños & Gilles Bonvento

18:30 h. Opening Lecture (Chair: Juan P. Bolaños)

Pierre Magistretti (Brain Mind Institute, EPFL, Center for Psychiatric Neuroscience, Lausanne, Switzerland; pierre.magistretti@epfl.ch)

Astrocyte-neuron metabolic coupling through lactate: role in plasticity and neuroprotection

Tuesday 27th June, 2017

09:30 h. Session 1. Use of FRET sensors to follow neuron-astrocyte interactions (Chair: M. Feany)

L. Felipe Barros (Center for Scientific Studies, University of Valdivia, Chile; fbarros@cecs.cl)

Short-term control of astrocytic and neuronal metabolism as seen with optogenetic sensors

Bruno Weber (Institute of Pharmacology & Toxicology, University of Zurich, Switzerland; bweber@pharma.uzh.ch)

In vivo investigations of transcellular trafficking in brain energy metabolism

10:30 h. Coffee Break & Poster Session

12:00 h. Session 2. Use of NMR to follow neuron-astrocyte interactions *in vivo* (Chair: B. Weber)

Anne-Karine Bouzier-Sore (Centre RMSB, Bordeaux, France; akb@rmsb.u-bordeaux2.fr)

Lactate: more than a neuronal energetic substrate: an NMR approach

Julien Valette (MIRCen, Paris, France; julien.valette@cea.fr)

Exploring intracellular space of neurons and astrocytes using diffusion-weighted magnetic resonance spectroscopy in vivo

13:00 h. Lunch & Poster Session

15:00 h. Session 3. Neuron-astrocyte metabolic interactions (Chair: N. Rouach)

Luc Pellerin (Département de Physiologie, Lausanne, Switzerland; Luc.Pellerin@unil.ch)

The role of monocarboxylate transporters in neuron-astrocyte interactions

Stefanie Schirmeier (Institut für Neuro- und Verhaltensbiologie, Münster, Germany;

Stefanie.schirmeier@uni-muenster.de)

Metabolic coupling in the Drosophila nervous system

16:15 h. Session 4. Molecular bases for the metabolic/redox programming of neurons and astrocytes (Chair: L. Pellerin)

Juan P. Bolaños (Institute of Functional Biology and Genomics, University of Salamanca, Spain;

jbolanos@usal.es)

Energy metabolism is coupled to physiologic mitochondrial ROS production in neurons and astrocytes

Giles Hardingham (Centre for Integrative Physiology, University of Edinburgh, United Kingdom;

Giles.H@ed.ac.uk)

Neurons and neuronal activity control gene expression in astrocytes to regulate their development and metabolism

17:30 h. Oral communications (Chair: S. Schirmeier & G. Perea)

17:30 h. **Ignacio Fernández-Moncada** (Centro de Estudios Científicos, Valdivia) **P10.** *Acute inhibition of astrocytic O₂ consumption by neurons*

17:40 h. **Pierre-Yves Plaçais** (PSL Research University, Paris) **P15.** *Upregulated energy metabolism in the drosophila mushroom body is the trigger for long-term memory*

17:50 h. **Helen Hertenstein** (Institute for Neuro- and Developmental Biology, Münster) **P16.** *The localization of the trehalose transporter tret1-1 is regulated by the animal's metabolic state*

18:00 h. **Edwin Hernández-Garzón** (MIRCen, Paris) **P17.** *Morphological changes in striatal astrocytes during activation. A deeper view using cell reconstruction models.*

18:10 h. **Sara Mederos** (Instituto Cajal, Madrid) **P18.** *New optical approach to drive astrocyte calcium signals: ectopic expression of melanopsin*

18:20 h. **Laurie M. Robin** (NeuroCentre Magendie, Bordeaux) **P20.** *Astroglial CB1 receptors determine synaptic D-serine availability to enable recognition memory*

18:30 h. **Carla Rubio** (Institute of Biomedicine of Valencia, Valencia) **P25.** *Metabolic alterations in astrocytes from lafora disease: a cause of neurodegeneration?*

18:40 h. **Kseniia Sarieva** (Pavlov Institute of Physiology of the Russian Academy of Sciences, Saint-Petersburg) **P27.** *The role of pentose phosphate pathway activity in antioxidant effect of hypoxic postconditioning in rat hippocampus*

19:00 h. Poster Session & Interactions (doors close at 21:00 h)

Wednesday 28th June, 2017

09:30 h. Session 5. Neuron-astrocyte interactions in disease (Chair: L. F. Barros)

Gilles Bonvento (Institut de Biologie François-Jacob, MIRCen, Paris, France; gilles.bonvento@cea.fr)

13:50 h. Symposium closure (Juan P. Bolaños & Gilles Bonvento)

d. Highlight of the meeting

The Symposium was a complete success in term of scientific quality and scientific collaborations.

The vast majority of the attendees were PhD students and young postdocs, who had enough time for interaction with the senior scientists (16 senior scientist invited speakers, 9 male and 7 female), as indicated in the program above. Besides the time for poster presentations and discussion breaks, there was a selection of eight young postdocs to present in a 10-minutes oral communication their works. The posters (31) were displayed just in front of the lecture theater for the entire duration of the symposium.

e. Participants

A full list of participants is shown under section "I". We received scientists from Chile, USA, UK, France, Switzerland, Germany, Italy, Russia, Saudi Arabia and Spain.

f. Material distribution

We distributed a Book of Abstracts (attached), an ID badge and, courtesy of Fischer Scientific, a pen and a colored marker pen.

g. Social events

- A Welcome reception was organized on Monday 26th June, 2017 at Hospedería Fonseca after the opening talk by Prof. Pierre Magistretti.
- A dinner was organized for all participants at CASINO DEL TORMES - Calle La Pesca, 5, 37008 Salamanca.

h. Travel awards

The ISN covered accommodation to the following attendees:

PhD and young postdocs:

Guillaume Azarias

Felipe Baeza

Giulia Birolini

Jordy Blanc

Maria-Angeles Carrillo-deSauvage

Ignacio Fernandez Moncada

Philip Hasel

Edwin Hernandez-Garzon

Dear Juan,

with some delay, but certainly with great enthusiasm, Christine and I would like to thank you for your wonderful hospitality. Our stay in Salamanca has been memorable from the scientific, cultural and personal point of views. I was particularly moved (as you could see) by the presence of so many young scientists who are following the road that many of us have opened a few years ago. I think that all together we have written an important chapter of neuroscience and we will continue to do so for many years to come.

Please extend our warmest wishes to Angeles.

All the best,

Pierre

What conference? Have I missed anything?

Jokes aside, it was a pleasure to be with you as always. Thanks for putting this together and it was an honor to speak and CHAIR. Next time we need more time to talk.

Dear Juan and Gilles,

Many thanks for organizing such an inspiring Symposium. It has been a pleasure to participate and I had learnt a lot by attending it.

The organization has been excellent, Salamanca is a wonderful city, and the dinner unforgettable.

Therefore, I am looking forward to a similar gathering ...

With very best wishes,

Maria

Dear Juan and Gilles,

I just wanted to thank you both for a wonderful meeting. It was great to have the opportunity to discuss such interesting science in a wonderful setting, and I found it to be truly inspirational.

Thank you again for all your efforts, and very much looking forward to meeting you again soon in the near future.

Kind regards,

Zoeb

Dear Juan and Gilles,

Thank you for the excellent symposium you both organized.

I enjoyed the scientific meetings and the nice atmosphere between all the people.

Thank you very much again for the kind invitation to be part of it.

Cheers,
Gertru
